

LOVE OBERLIN LIBRARIES

"The libraries inspire me as a teacher and enable my work as a scholar. They also make me really happy and proud to teach here. Few liberal arts colleges can boast such extraordinary resources, on par with what one might expect at a research university. I've taught with everything from cuneiform tablets to medieval manuscripts to punk 'zines in our Special Collections. Our librarians have helped me find answers to some of my most obscure research questions. OC libraries are a treasure!"

Professor Wendy Beth Hyman,

Professor of English and Comparative Literature,
Chair, Book Studies Program
